FINDING 01

Ask about a brand. Get its rivals.

AppSumo vs other stores for software deals?

AD A competitor

AD Another competitor

AD + 25 more. **None from AppSumo.**

180
ads on 63 questions that named a brand

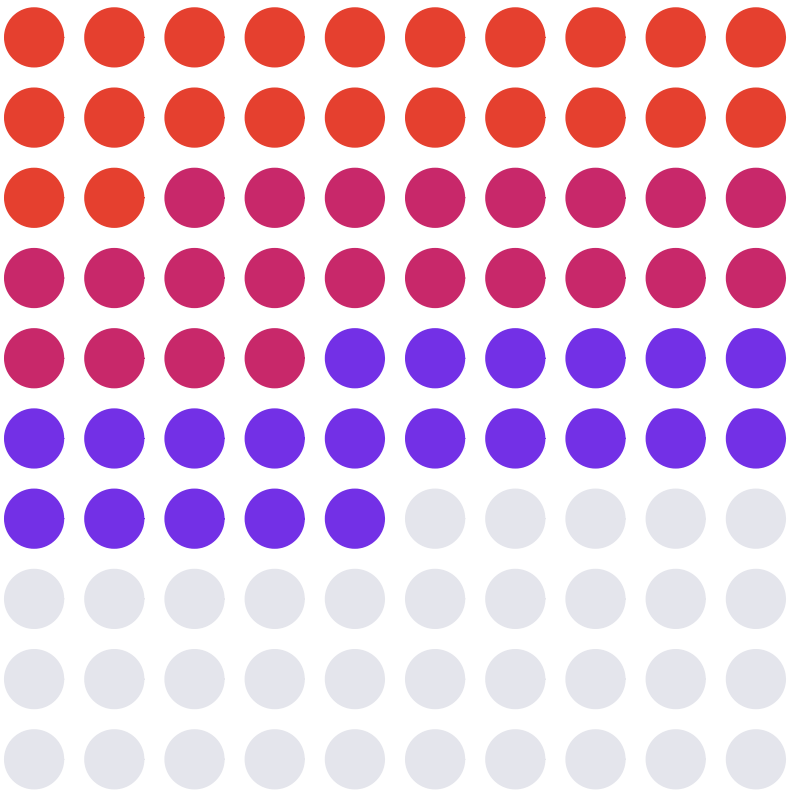

0
came from the brand named

SO WHAT **If you don’t fill the space under your name, a rival will.**

tmv.

FINDING 02

The room is almost empty.

65%

of questions had ads from **just one advertiser**

58% of advertisers showed up on only one question

SO WHAT **Not a crowded auction yet. Early movers have room.**

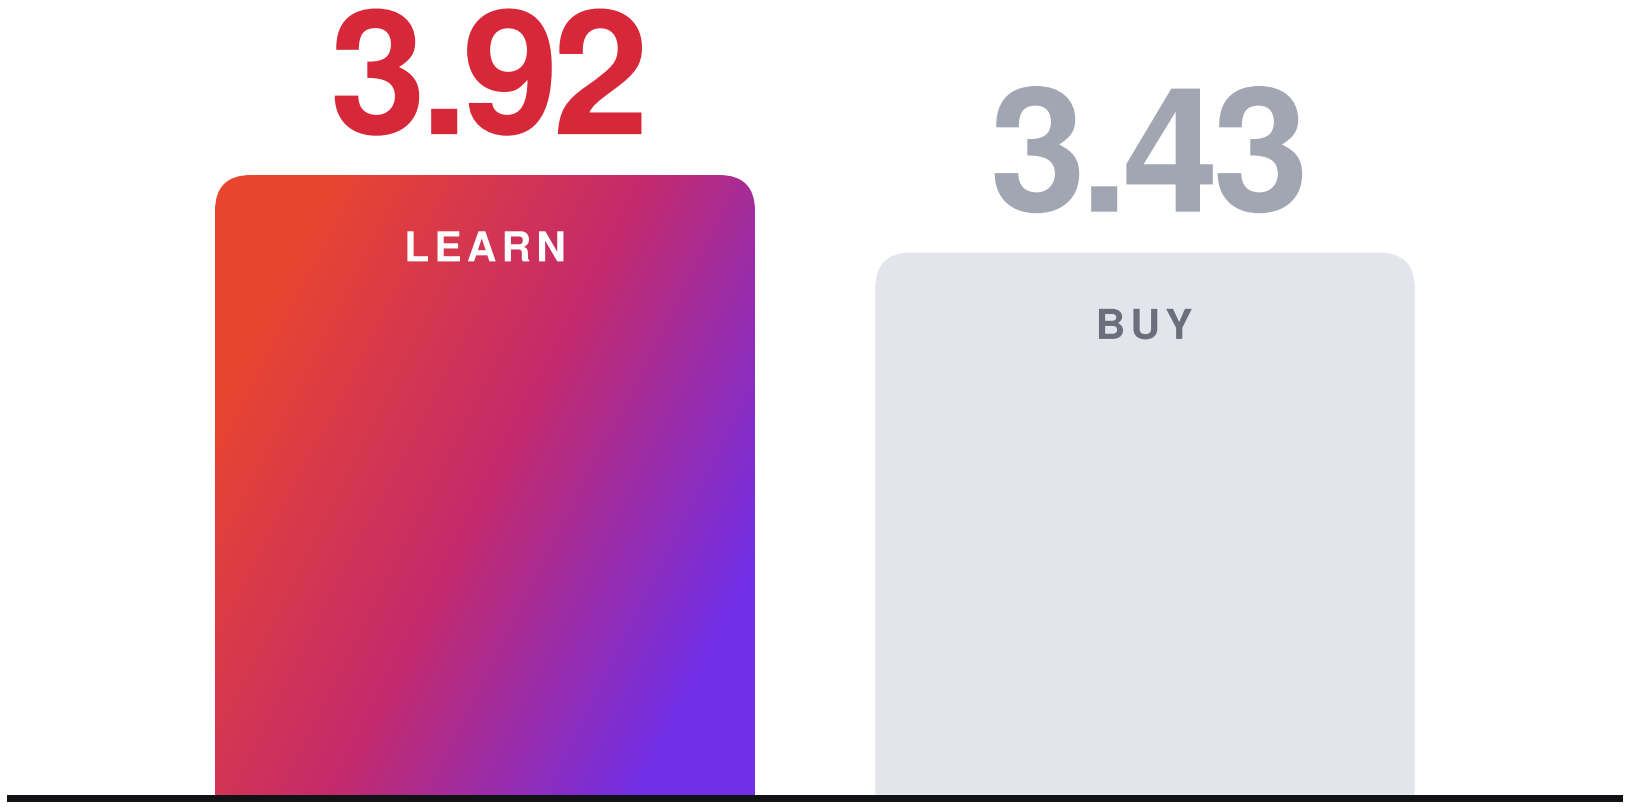

tmv.

FINDING 03

How-to questions get ads too.

Average ads per question

+14% on how-to

SO WHAT **Ads aren’t only at the bottom of the funnel here.**

tmv.

FINDING 04

Local questions, foreign ads.

Best air cooler in India?

AD **MRCOOL** · a US air-conditioner brand

86%

of questions naming a non-US market got **no advertiser from that market**

India · Australia · New Zealand · UAE

SO WHAT

Selling outside the US? Check who shows up for your market.

tmv.

FINDING 05

Your tracking won’t see it.

yourbrand.com/?**oppref**=…&olref=…

oppref	✓ on 100% of ad links
~~gclid~~	✗ on 0 links
the question asked	? not passed back

TRY THIS Filter server logs for “oppref” to find ChatGPT ad clicks.

tmv.

FINDING 06

Few built a page for ChatGPT.

brand.com/

355

advertisers only ever linked to a homepage

/paid-ad-chatgpt

71

advertisers built a page just for this channel

REAL EXAMPLES /paid-ad-chatgpt /aeo-assessment-chatgpt

SO WHAT **A matching landing page is still an easy edge.**

tmv.

WHAT IT MEANS

What to do about it.

1

If you run ads

Fix tracking before you scale. Build a ChatGPT landing page.

2

If you don’t

Check who shows up when people ask about you.

3

If you track AI visibility

Paid and organic are separate systems. Track both.

The ad layer is open. It won’t stay that way.
