I stopped paying for

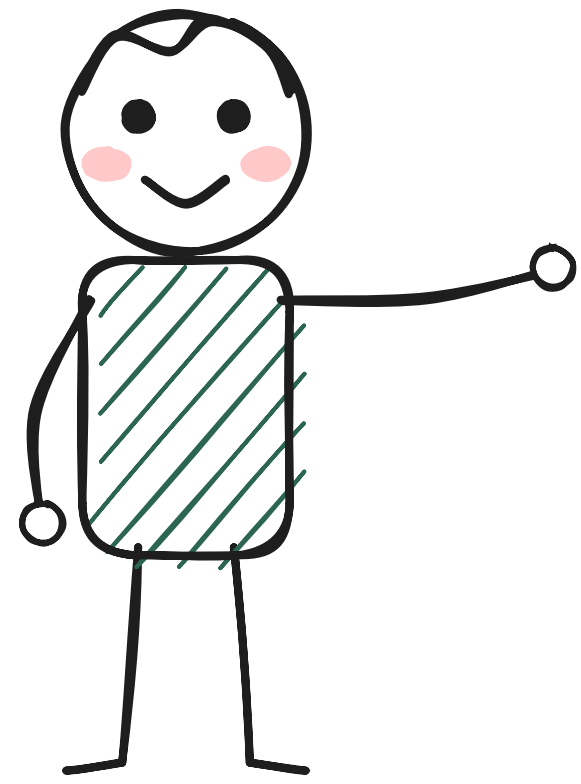

(in 2026, and what I use instead)

1

Screen recordings

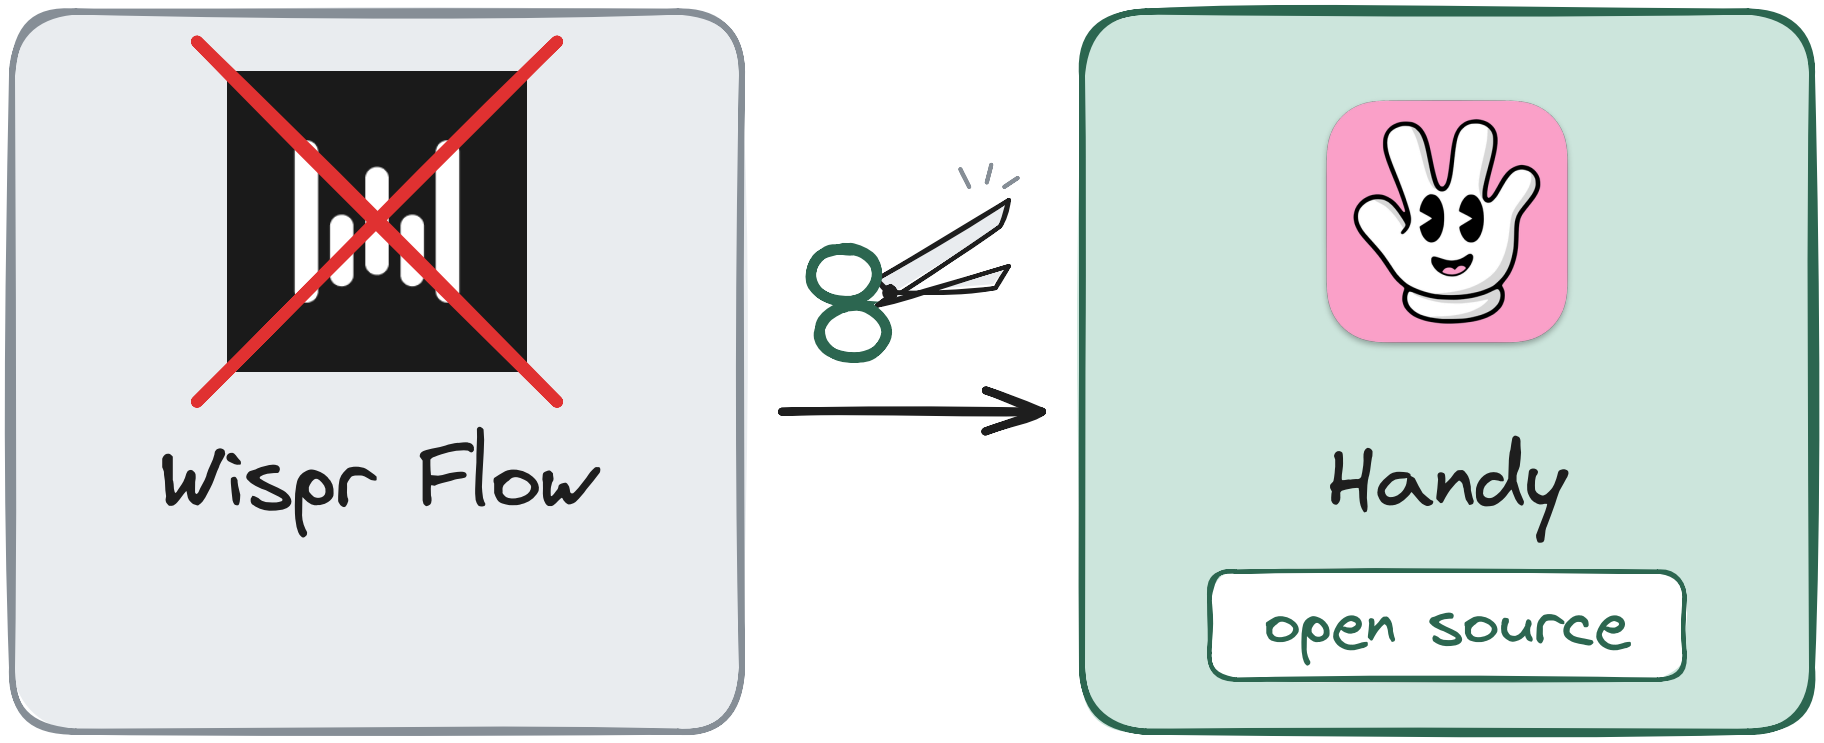

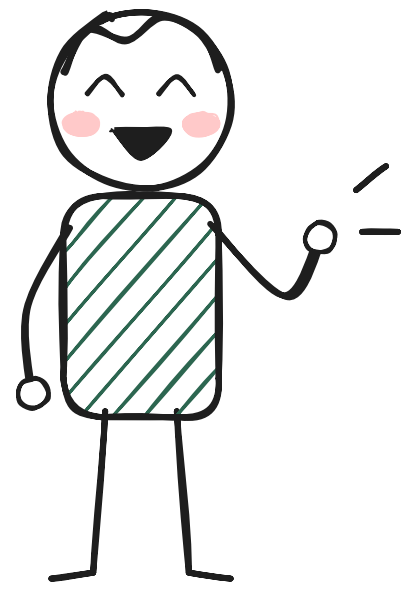

2

Voice to text

Talk, and it types for you.

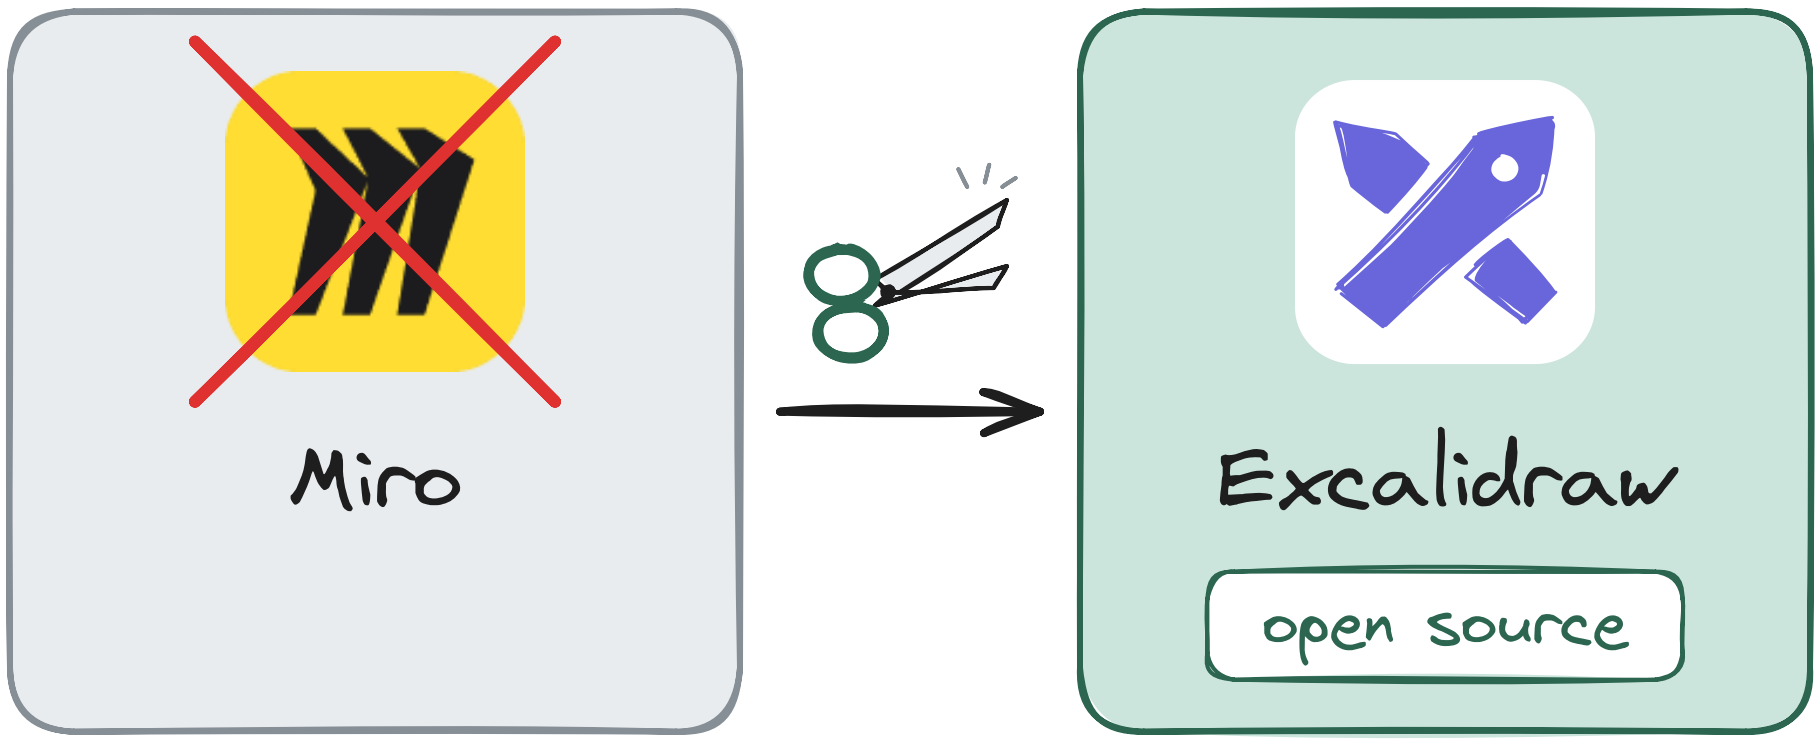

3

Whiteboards

This carousel is drawn in it.

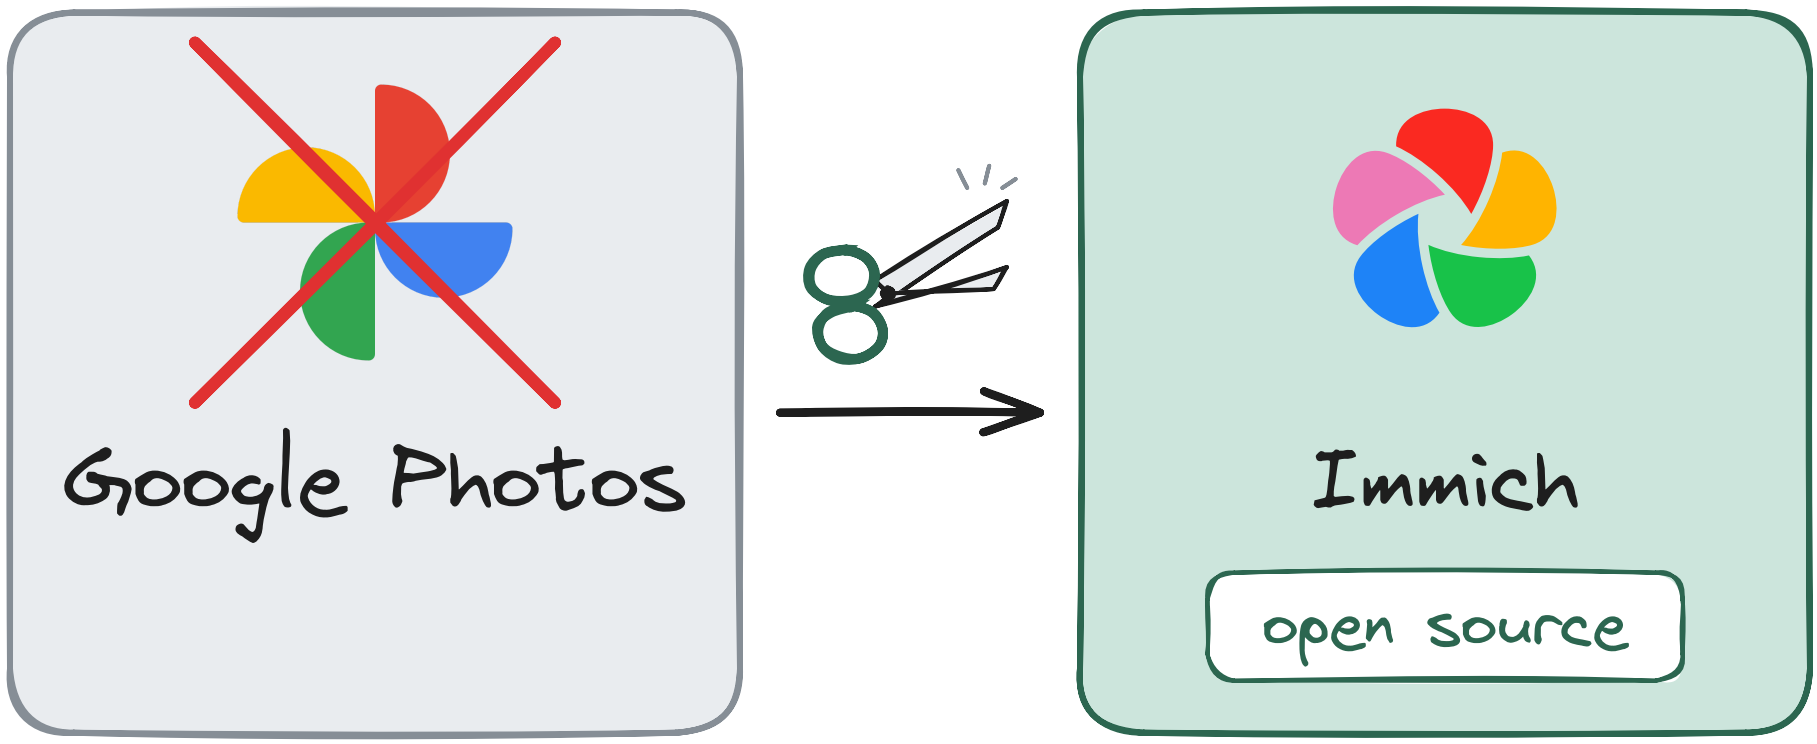

4

Photo backup

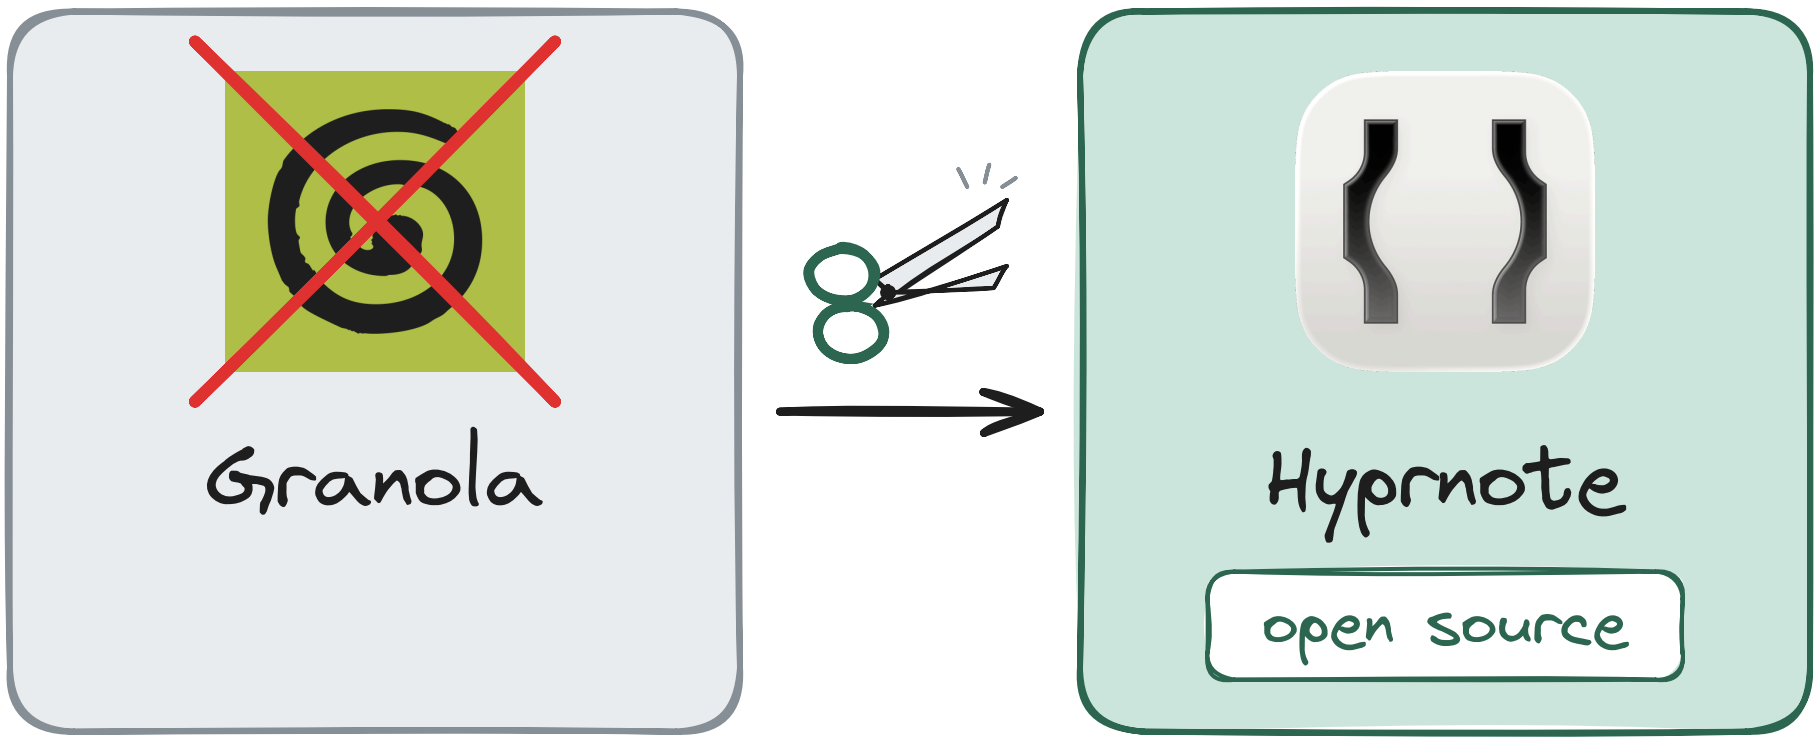

Your photos, on your own server.

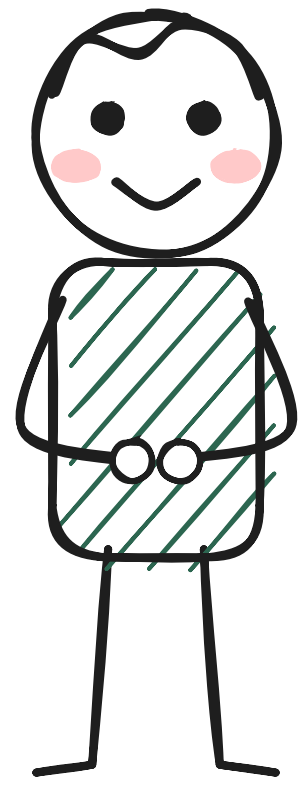

5

Meeting notes

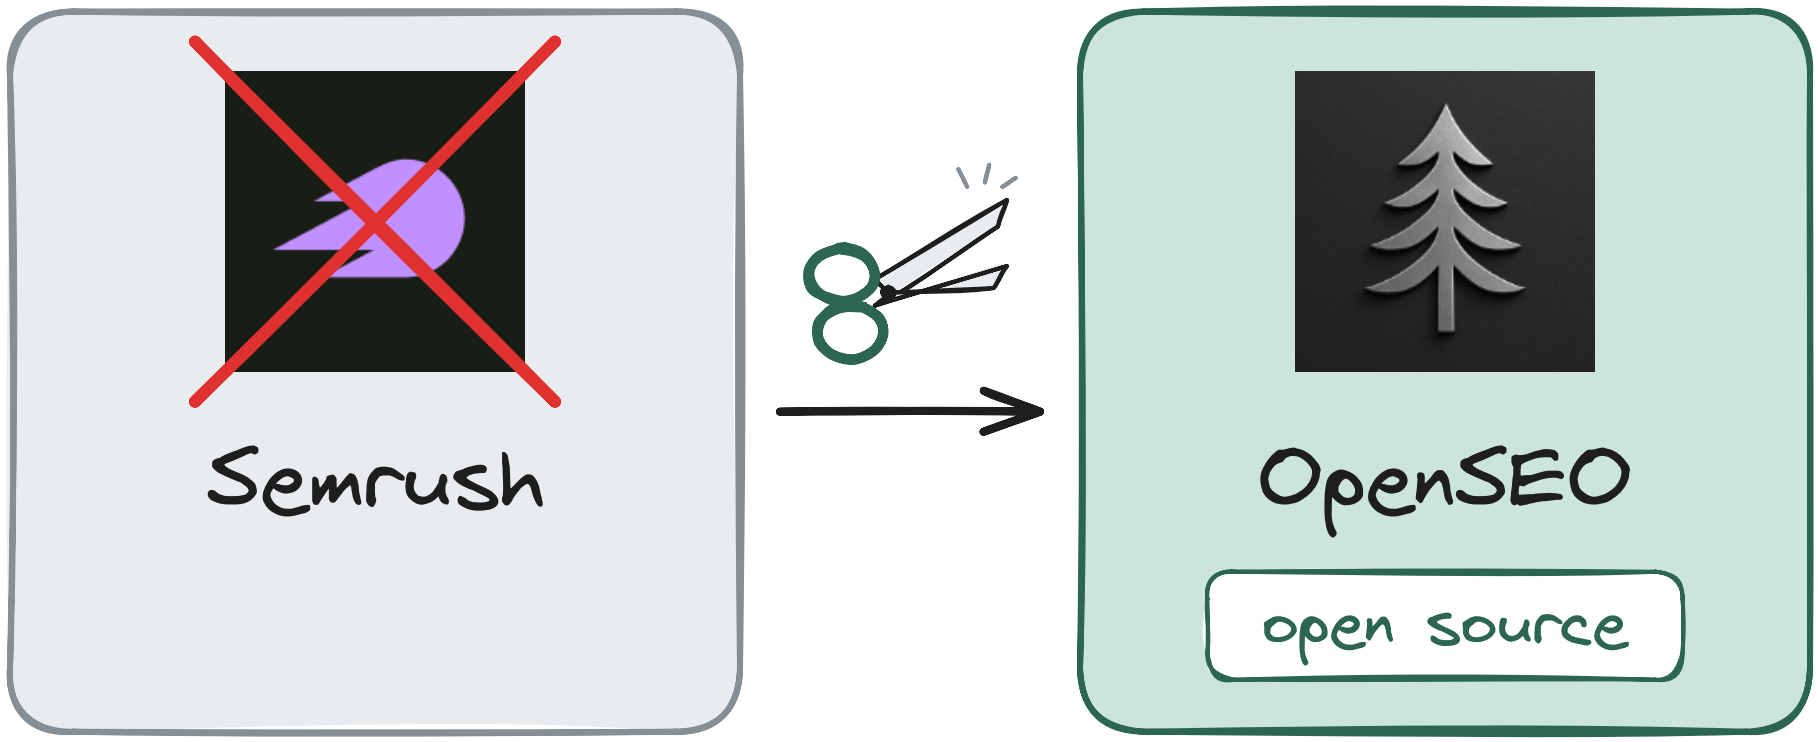

6

SEO research

Keywords, rankings and backlinks.

My open-source stack

Recordly

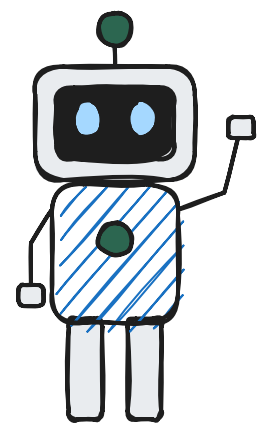

Handy

Excalidraw

Immich

Hyprnote

OpenSEO

Which one are you still paying for?

(tell me in the comments)
