250+

point AEO + GEO checklist

(we use it on our own site)

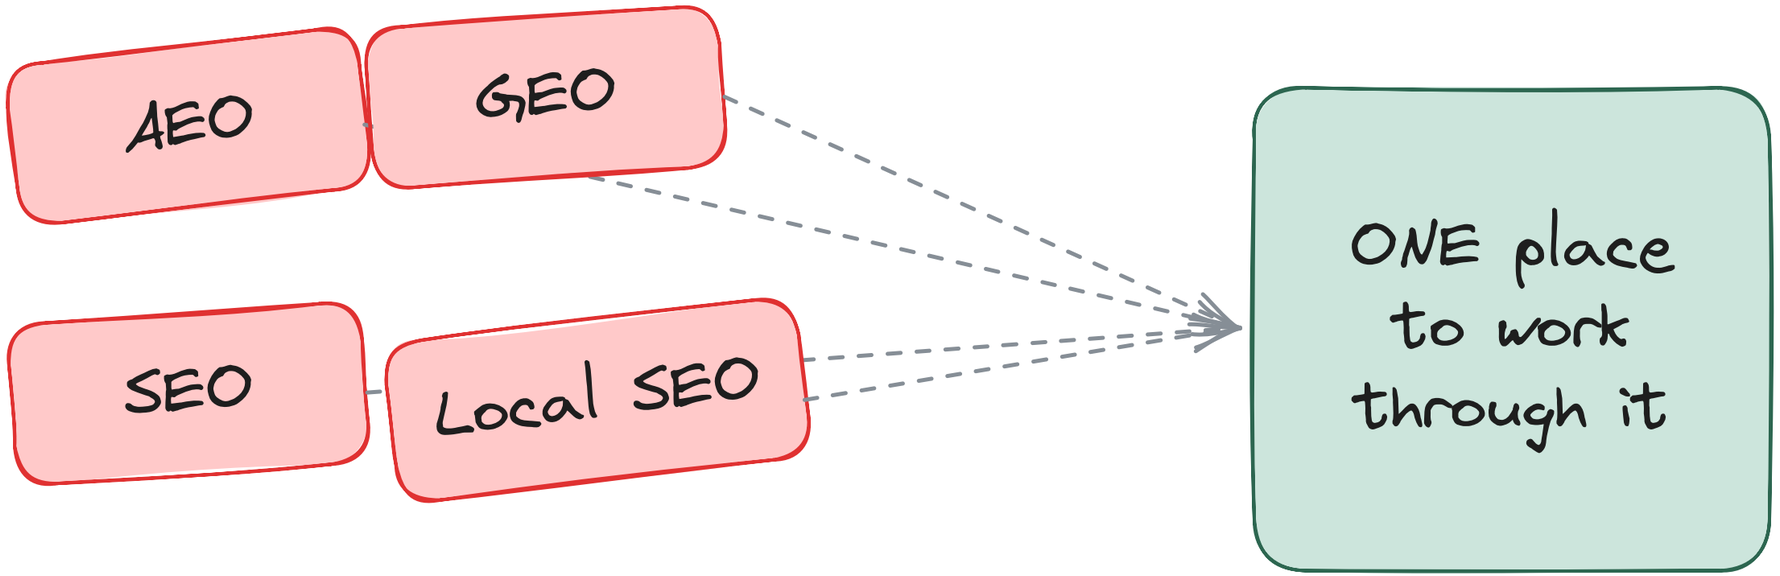

...and it helps us

across AI search

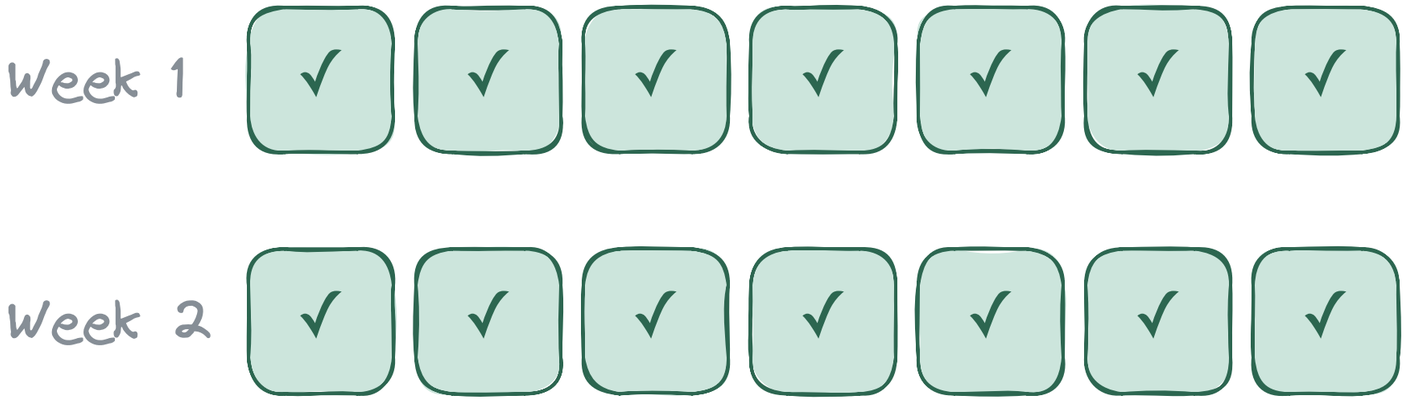

02

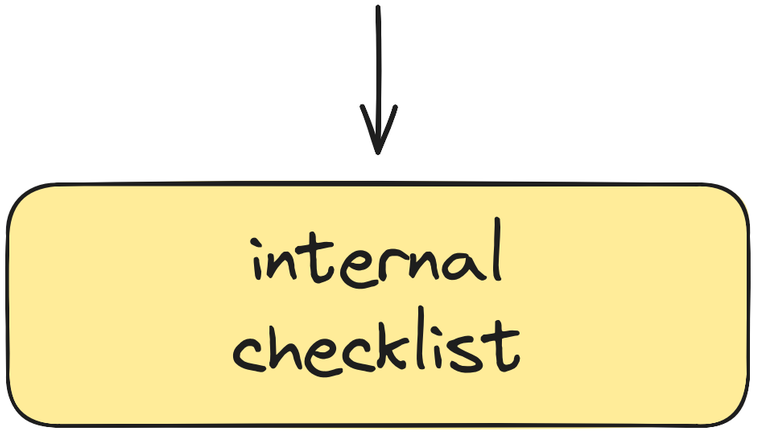

The problem? It was scattered everywhere.

03

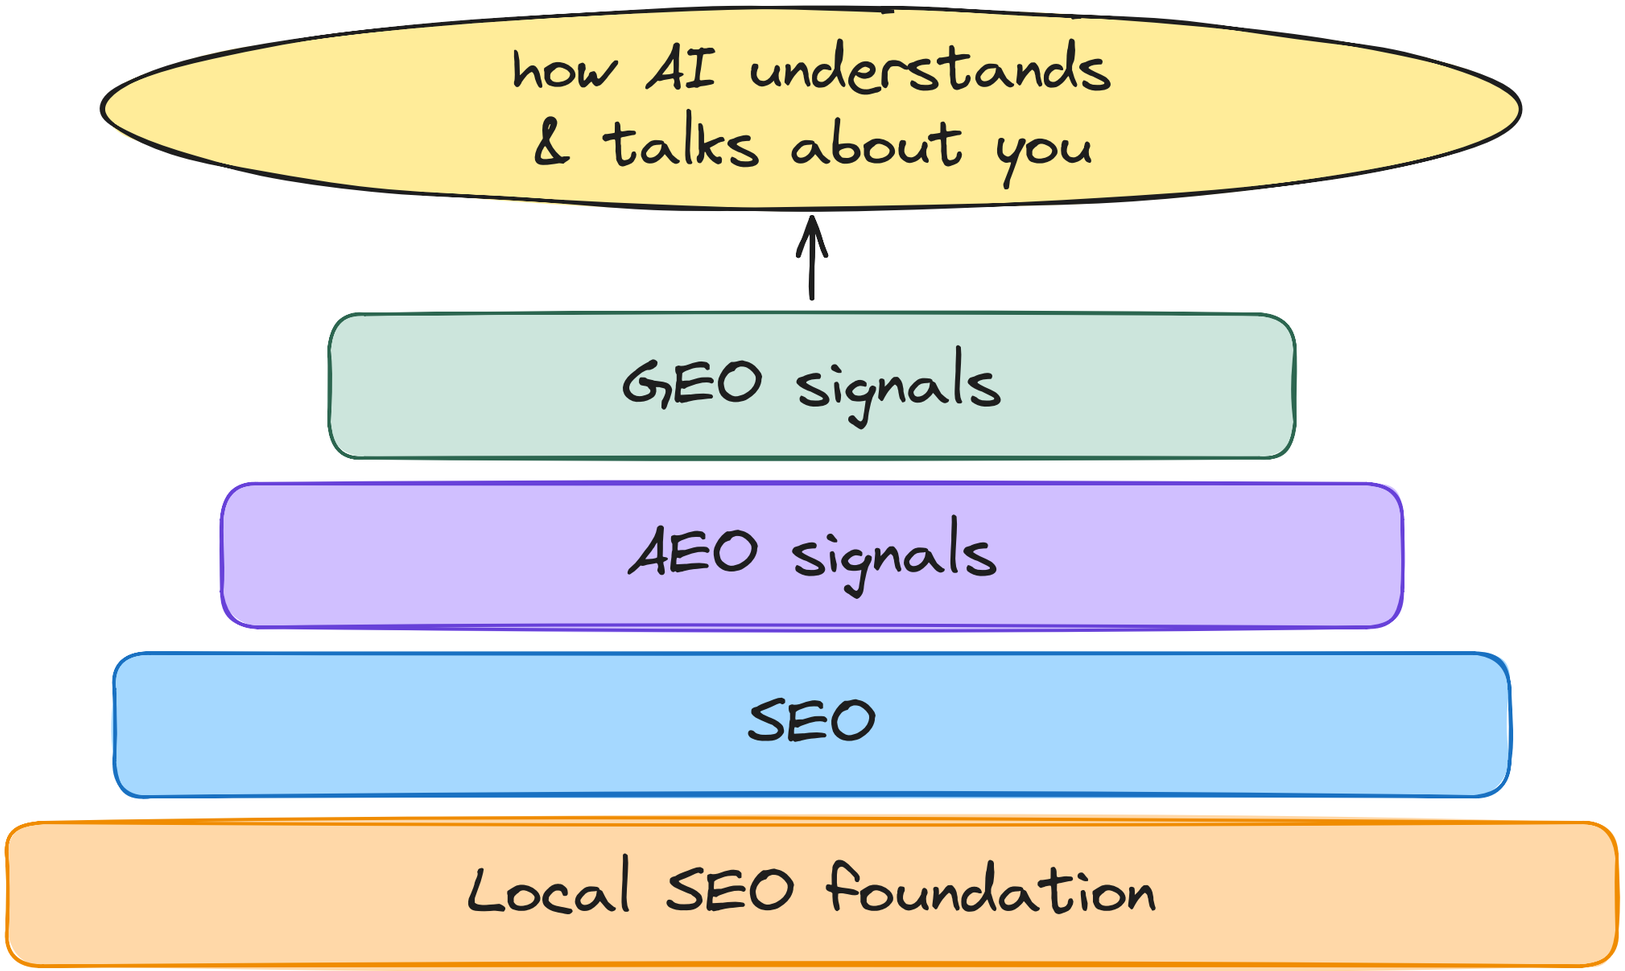

So we spent 2 weeks building it

built for our own team first

Every signal in one place

What you get for every check

1

Clear explanation

what it is & why it matters

2

Effort vs impact

fix what matters first

3

Tools & resources

for each area

4

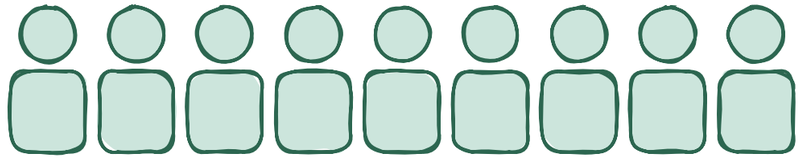

Prompt testing log

is your brand showing up in AI?

We use it to find gaps in our own AI visibility

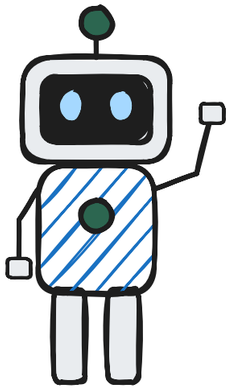

100+

marketers already use it
